BrandXYZ has partnered with Glaisyers ETL's renowned legal professionals to deliver something truly different: ComplyAI - AI policies that combine deep industry knowledge with legal precision.

Let's be honest about AI use...

82% of GenAI users have copy-pasted content into AI prompts without thinking twice about copyright*

4 out of 5 marketing and comms people are secretly using AI tools, and most haven't mentioned it to their boss*

Nearly 3 in 4 writers don't even know if their company has AI rules, let alone what they are*

Every AI-generated campaign, piece of content, document or strategy you create without proper guidelines is a potential liability.

**MAGENTA Associates in partnership with the University of Sussex 2024 / Deloitte State of Generative AI in the Enterprise Survey, Q1 2023 / State of Generative AI in the Enterprise Survey, (July/Sept. 2024) / Copyright Licensing Agency (CLA) 2025*
